Dear Prospective Partner,

As IAFA continues its commitment to excellence in facial aesthetics, we are incredibly grateful for the support of industry partners whose vision for advancing the profession aligns with ours. Thank you for considering a partnership with us for the 2026 IAFA Aesthetic Symposium.

Our goal is to provide every participating company with a true 360-degree experience—creating meaningful visibility for your brand, valuable marketing exposure, and opportunities to connect directly with multidisciplinary aesthetic professionals, prospective buyers, and potential partners.

More importantly, we believe the strongest partnerships are built through genuine connection. We strive to create an environment where our industry partners are an integral part of the symposium experience and have meaningful opportunities to educate, engage, build relationships, and grow their business.

The following pages outline the many opportunities and benefits available through a strategic partnership with the International Academy of Facial Aesthetics.

We sincerely appreciate your consideration and would be honored to have your support and participation in our 14th Annual IAFA Aesthetic Symposium. We look forward to welcoming you this November to the iconic Fontainebleau Miami Beach.

She has light-colored eyes and is resting her chin on her hand. On the right side, there is a night-time aerial view of a large resort complex, likely Fontainebleau Miami Beach, featuring multiple pools, palm trees, and modern architecture illuminated by lights.
